## Publish with IEEE

[https://www.ieee.org/publications\\_standards/publications/authors/publishing\\_benefits/index.html](https://www.ieee.org/publications_standards/publications/authors/publishing_benefits/index.html)

The screenshot shows the IEEE website's 'Benefits of Publishing with IEEE' page. At the top, the IEEE logo is displayed with the tagline 'Advancing Technology for Humanity' and the text 'The world's largest professional association for the advancement of technology'. Below the logo is a navigation menu with categories: About IEEE, Membership & Services, Societies & Communities, Publications & Standards, Conferences & Events, and Education & Careers. A search bar and social media icons are also present.

The main content area is titled 'Benefits of Publishing with IEEE' and includes the following sections:

- Benefits of Publishing with IEEE:** A central box with an image of hands typing on a laptop. Text: 'Authors publish with IEEE for the heightened visibility, research activity, and industry credibility. IEEE continues to be the most cited publisher in US and European new technology patents. Authors will find that publishing with IEEE ensures professional development and exposure of their works.'
- Quick start links:** A list of links: 'IEEE Publication Recommender', 'Submit a manuscript', 'Publish a paper', 'Publish a book', and 'Author FAQs'.
- On this Page:** A list of links: 'Optimized visibility', 'Trusted content', 'Streamlined publication', 'Peer review', 'IEEE reputation', 'Opportunities to publish', 'Editorial development', and 'Referencing and searching'.
- IEEE Collabratec (™):** A section with the text: 'Designed to help you collaborate smarter - and publish or research faster.' and a link to 'Experience IEEE Collabratec'.
- IEEE Open Access:** A section with the text: 'IEEE Open Access delivers articles free of charge to readers worldwide.' and a link to 'Learn about IEEE Open Access'.
- Authorship Tutorial:** A section with the text: 'Learn about authorship and how to prepare, write, and submit quality technical articles.' and two links to download PDFs: 'Download "How to Write for Technical Periodicals & Conferences" (PDF, 2 MB)' and 'Download "How to Write for Technical Periodicals & Conferences" (Chinese) (PDF, 2 MB)'.

Below the main content area, there are two columns of text:

- Optimized visibility:** 'Researchers rely on IEEE for trusted information. Seven million downloads each month is strong evidence that the IEEE Xplore® digital library provides authors with the "findability" they seek. IEEE maintains active partnerships with abstracting and indexing providers such as Elsevier, Thomson Reuters, ReQuest, IET, and HIM to maximize the...' (text is partially cut off).
- IEEE reputation:** 'Each author enjoys the advantage of becoming part of IEEE's stellar reputation and 125-year history of innovation. Past and present members include nearly two dozen Nobel Prize-winning innovators. Today, IEEE has over 400,000 professional and student members who will shape technology for...' (text is partially cut off).
